11 Best Digital Publishing Platform For Mobile & Web

Many publishers use Adobe Digital Publishing Suite (DPS) with a personal email address as their Adobe ID. This ID is the Adobe ID used to publish folios for an application. It's also used as the Title ID in Viewer Builder and to log in to the DPS dashboard to view the application's analytics. After the fact, publishers sometimes want to change the email address used for this function, without interrupting any functionality of their applications or publishing processes.
