Gender and power (1987 edition) | Open Library

Gender and Power and Privilege. Issues of gender and privilege have been a common theme in society for many years. The women's liberation movement in the 1960's and 1970's brought into focus some of the privileges that men enjoyed based on gender and how their use of power affected the lives of women. If we look closely at the social status of women and men, we can see that men continue to have privilege over women in many aspects of life.

Gender and Power and Privilege

Gender divides power. Inequalities between men and women are one of the most persistent patterns in the distribution of power. For example, women's lack of influence marks political decision-making the world over. Gender relations are power relations. Often what it means to be a 'woman' is to be powerless (quiet, obedient, accommodating).

Gender and Power Society - New York University

The Victorian period witnessed massive changes in thinking about women's roles in society. Dr Simon Avery asks how Christina Rossetti's poetry sits within this context, looking at her representations of oppression, female identity, marriage and the play of power between men and women.
